PRESENTS

# Science on tap

## Quench your interest

**Wednesday May 11<sup>th</sup>, 2011 from 4:00 to 6:00 PM**

**Beauty's Luncheonette**

93 avenue du Mont-Royal Ouest, Montréal QC

**Please RSVP: [caregiverscafe@gmail.com](mailto:caregiverscafe@gmail.com)**

This event is free to the public and is hosted by the Canadian Institutes of Health Research and its Institute of Cancer Research.

Space is limited.

*Presentations will be in English with the chance to ask questions in both English and French.*

### **Home is where the heart is: Family members and caregivers are the heart of home care**

Providing end-of-life care in the home can be a challenging period of transition for patients and their family caregivers. The unique nature of each home and the many health care providers involved contribute significantly to the vulnerability of everyone in this situation. Together, we will discuss perspectives relating to issues around caring for palliative patients at home, home care in general and dying at home.

Coffee and treats will be provided. Please join us.

#### **Speakers:**

**Ariella Lang, RN PhD**

Research Scientist, *VON Canada*

Assistant Professor, School of Nursing *McGill University*

Professeure associée, Faculté des sciences infirmières *Université de Montréal*

**Robin Cohen, PhD**

Associate Professor, Division of Palliative Care, Depts of Oncology and Medicine
